

Kinkeri Polled Shorthorn Herd Dispersion

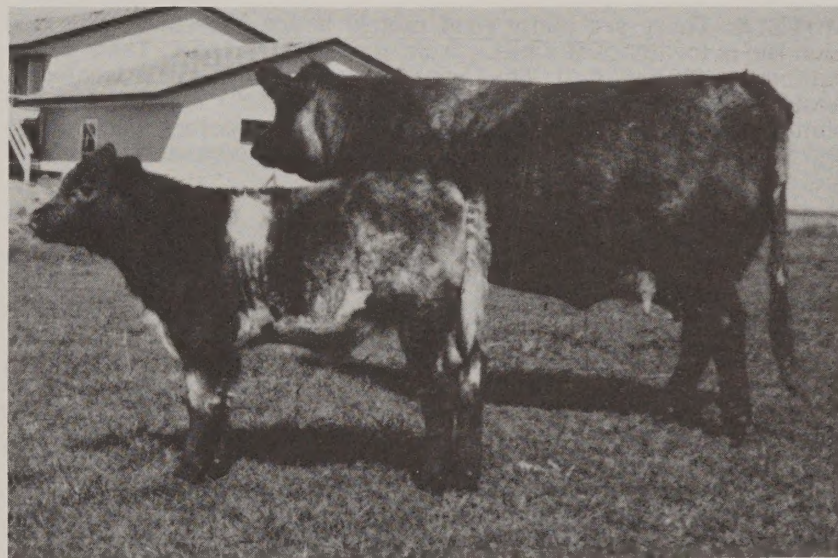

Tuesday, November 30th Kennewick, Wash.

REFERENCE SIRE: Thomas Leader 41st x -- Since the influence of this one bull is so great in the cattle selling Nov. 30th; our catalog would not be complete without mentioning "Tommy". Many of you will remember when we brought him down from Canada where he gained 3.34 lbs per day at the test station at Douglas, Manitoba, outgaining all bulls of the 3 English beef breeds, indexing 115. He grew out to a ton plus bull while being used as a herdsire. He sired many champions -- among others Grand and Reserve Champions at

the Klamath All-Breed Sale, Grand and Reserve heifers at a W.O.W. sale at Chehalis, Grand champion heifer for Sangamon Farms at the New York State Fair, Grand and Reserve females and RC bull for W. T. Bennett at the P. I., plus others at local fairs, also an All American Sr. yearling bull for Deasons of Oklahoma. He gave us length, good muscling, top dispositions and big broody females. The genes he left here can do the same for you.

"Tommy" -- July, 1971, shortly before our Near-Dispersion where we held back 10 of his females.

Looking at "The house that Tommy built" are Golden Cinderella 2nd x, a daughter and her first calf Kinkeri Clipper Cindy x. Picture taken Sept. 1972.

Our Junior calf in the showstring and a good one. We called him our "Bicentennial" calf -- Cloyd found him half dry -- half frozen New Years day morn -- red and white and so cold his nose was blue. Should make a good herdsire -- the genes of several ton-plus bulls are backing him.
